Race and Ethnicity Questionnaire

At Breastlink we believe that the best medical practice is informed by state of the art clinical research. Because of this, we develop our own clinical trials in addition to collaborating with industry sponsors and NCI-funded cooperative groups.

Through these clinical trials we pursue investigational drug therapies as well as interventions to improve the quality of life concerns of our patients. Our trials address a large collection of concerns including: energy recovery-diet and nutrition, fertility, sexuality and cognitive recovery.

To ensure that everyone has access to clinical research and interventions that are relevant to their medical concerns, Breastlink must provide research sponsors with information about the patients we serve. This information includes: identification of what patient needs are, and demographic information which includes race and ethnicity. All of this information allows Breastlink and researchers to make sure each patient has access to the trials that address their specific medical concerns.

Additionally, our growing knowledge of molecular or tissue profiling has helped doctors understand differences in breast cancers that are specific to the racial and ethnic heritage of our patients. This knowledge will increasingly inform how we determine the appropriate treatment in the event that a patient faces a breast cancer diagnosis or recurrence.

We hope that you will assist us in our ability to provide the very best interventions that will serve the broadest possible population, by providing us with this data. However, supplying your information is voluntary and you will not be disadvantaged in your care in any way if you should decide not to assist with this effort.

Thank you!

The information collected will be kept confidential and will only be used in accordance with the provisions of applicable laws, executive orders, and regulations, including those that require the information for federal reporting purposes.

Breastlink Financial Policy

Breastlink is committed to providing you with top quality care. As a part of your care, we believe it is important for you to be educated about our financial policy as outlined below:

Insurance coverage:

If you are a new patient, please provide us with your insurance card for both your primary and secondary insurance carriers as well as a copy of your pharmacy insurance card (if applicable) at the time of your appointment. If you are an existing patient, and you have any changes to your insurance, please provide updated copies at your next scheduled appointment or contact our billing office with your updated information. You will be asked annually for a new copy of your card. If you change insurances, please inform us of the change and provide us with a copy of your new card before your next visit. In addition to the billing information on your card, it is necessary to have access to the most current information regarding pre-certification and authorizations for any services needed within our practice. You as the patient are responsible for any and all deductibles, co-insurance, and any non-covered services as deemed by your health insurance plan. Due to the complexity of care being provided within our practice, some treatments and procedures may not be considered medically necessary by your insurance carrier as a covered benefit even though we have found them to be clinically indicated.

Secondary insurance- as a courtesy to our patients, the secondary policy will be billed for any remaining balances after payment processing and claim review of the primary insurance. Due to the allowed claim processing time for your primary insurance carrier, please allow up to 60 days after your date of service for secondary insurance processing to occur.

Co-payments: Any and all co-payments are due at the time of service. A co-pay is a portion of a fee paid for all lab/injection visits, chemotherapy infusion visits, and office visits with a Physician, a Nurse Practitioner, and/or Physician Assistant. Co-payments are a contractual fee with the health plans required to be paid by you as the patient. Co-payments and deductible fees cannot be waived or discounted.

Patients with no insurance benefits:

If you do not have insurance coverage, we offer a 20% discount to "cash only patients" at the time of service when payment is by cash, check, or credit card (Visa, MasterCard, and Discover). Failure to pay at the time of service will result in no discount and you will be held financially responsible for the entire cost of the service(s) provided.

Medicare:

Breastlink, as a Medicare provider, agrees to accept the allowed payments as determined by Medicare. The patient is responsible for any and all deductibles, co-insurance, and any non-covered services. If you have secondary insurance, your secondary insurance will be billed. Due to the complexity of care being provided within our practice, some treatments and procedures may not be considered as a covered benefit even though they are clinically indicated.

Returned Check Policy:

If a check is returned to us with for non-payment or insufficient funds, we will assess a \$25.00 fee to your Breastlink account and you will be billed accordingly.

All Patients:

My signature below represents my acknowledgement of the financial policy as outlined above. I further understand that I will be held financially responsible for any and all charges denied by my health plan and/or if I present with no insurance benefits.

Breastlink Physician-Patient Arbitration Agreement

Article 1: Agreement to Arbitrate: It is understood that any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration.

Article 2: All Claims Must Be Arbitrated: It is the intention of the parties that this agreement shall cover all claims or controversies whether in tort contract, or otherwise, and shall bind all parties whose claims may arise out of or in any way relate to treatment or services provided by the below identified physician, medical group or association, their partners, associates, associations, corporations, partnerships, employees, agents, clinics, and/or providers (hereinafter collectively referred to as "Physician") to a patient, including any spouse or heirs of the patient and any children, whether born or unborn, at the time of the occurrence giving rise to any claim. In the case of any pregnant mother, the term "patient" herein shall mean both the mother and the mother's expected child or children.

Filing by Physician of any action in any court by the physician to collect any fee from the patient shall not waive the right to compel arbitration of any malpractice claim. However, following the assertion of any claim against Physician, any fee dispute, whether or not the subject of any existing court action, shall also be resolved by arbitration.

Article 3: Procedures and Applicable Law: A demand for arbitration must be communicated in writing by U.S. mail, postage prepaid, to all parties, describing the claim against Physician, the amount of damages sought, and the names, addresses, and telephone numbers of the patient, and (if applicable) his/her attorney. The parties shall thereafter select a neutral arbitrator who was previously a California superior court judge, to preside over the matter. Both parties shall have the absolute right to arbitrate separately the issues of liability and damages upon written request to the arbitrator. Patient shall pursue his/her claims with reasonable diligence, and the arbitration shall be governed pursuant to Code of Civil Procedure §§ 1280-1295 and the Federal Arbitration Act (9 U.S.C. §§ 1-4). The parties shall bear their own costs, fees, and expenses, along with a pro rata share of the neutral arbitrator's fees and expenses.

Article 4: Retroactive Effect: The patient intends this agreement to cover all services rendered by Physician not only after the date it is signed (including, but not limited to, emergency treatment), but also before it was signed as well.

Article 5: Revocation: This agreement may be revoked by written notice delivered to Physician within 30 days of signature and if not revoked will govern all medical services received by the patient.

Article 6: Severability Provision: In the event any provision(s) of this Agreement is declared void and/or unenforceable, such provision(s) shall be deemed severed therefrom and the remainder of the Agreement enforced in accordance with California law.

I understand that I have the right to receive a copy of this agreement. By my signature below, I acknowledge that I have received a copy.

NOTICE: BY SIGNING THIS CONTRACT YOU ARE AGREEING TO HAVE ANY ISSUE OF MEDICAL MALPRACTICE DECIDED BY NEUTRAL ARBITRATION AND YOU ARE GIVING UP YOUR RIGHT TO A JURY OR COURT TRIAL. SEE ARTICLE 1 OF THIS CONTRACT.
